Huron, Perth, Waterloo and Wellington Regions' festivals to Celebrate Ontario with more than \$2.3 million in stimulus funding

The funding announcement comes on the heels of the success of RTO4's integrated reservation system's milestone of generating more than \$250,000 in sales since September 2013. The Reservation System is comprised of over 200 tourism businesses from across the Huron, Perth, Waterloo and Wellington Regions to assist tourists in planning and booking vacations to the regions.

Incorporated in October 2010 by a volunteer board and supported by the Ontario Ministry of Tourism, Culture and Sports, RTO4 is a driving force in featuring the depth of tourism experiences in Huron, Perth, Waterloo and Wellington.

"It is my great pleasure to work in a region where the spirit, commitment and resourcefulness of its people is evident every single day of every week, all year long, year after year; the ongoing success of the events and attractions from this region is a testament to those values and ingenuity," said Peacock. "The Regional Tourism Office is committed to working with our partners to showcase what our incredible region has to offer Ontarians."
